

My name is \_\_\_\_\_ and my zip code is \_\_\_\_\_.

*I am calling to ask the Representative to vote **YES** on amendments to the Interior Appropriations Bill, H.R. 3052, that will restrict offshore drilling and seismic airgun blasting in the Atlantic.*

*Offshore drilling is completely incompatible with our state's clean coast economy. It threatens 96,000 jobs and \$6 billion in GDP for Maryland alone. Further, Maryland is home to Assateague Island, which has over 2 million visitors annually and contributes nearly \$100 million to the local economy.*

*Offshore drilling is not worth the risk. I am counting on the Representative to vote YES on amendments to protect our coast from offshore drilling and seismic airgun blasting.*
