Amphibians and Reptiles at Showell

Date: Saturday, March 28, 2020

Time: 3 PM to 4:30 PM

Meeting point: Pitts Rd in Showell
Address: near 9807 Pitts Rd, Showell, MD

Last May, Coast Kids heard a lot of frogs at a park in Berlin. This year, we are trying to find amphibians and reptiles in March already, so we should be able to hear - and maybe see - completely different species. Frogs communicate by calling to each other. Some can make quite loud sounds. Amphibians often hide very well, so the best way to identify the species present is to listen to their specific calls. Join us and learn about amphibian and reptile life, behavior, and how to distinguish species by their sounds.

Number of spaces available: No limit. Please sign up for the event at www.actforbays.org/coastkids, or by calling the Assateague Coastal Trust office at 410-629-1538. Leave a message with your name, phone number, and number of participating kids. The event is free for members and costs $3 per child for non-members.

Directions: From Berlin/Snow Hill: Go north on Rt. 113. Turn left onto Peerless Rd, then take first left onto Old US Highway 113. Turn right onto Pitts Rd and drive through Showell. The meeting point is just after the little town. Please park on the side of the road.
From Salisbury: Go east on Rt. 50. Exit onto Rt. 90 toward North Ocean City. Exit and turn left onto Rt 113 N. Turn left onto Peerless Rd, then take first left onto Old US Highway 113. Turn right onto Pitts Rd and drive through Showell. The meeting point is just after the little town. Please park on the side of the road.

If you have any questions, please email to coastkids@actforbays.org, or call the ACT office at 410-629-1538.
