

Sample Questions 1:

“Rep. Harris, I recognize that you recently expressed opposition to oil and gas drilling off Maryland’s coast in a town hall, but I noticed you failed to sign-on to two letters formerly expressing opposition to drilling in the Atlantic. One was from Maryland’s congressional delegation and the other led by a coalition of House Republicans. Could you explain why you did not sign these letters and could you also share what you have done to protect your district from the potential impacts drilling in the Atlantic would have to our coastal economy and environment?”

Sample Question 2:

“Rep Harris, I’ve seen news reports of Republican Representatives in states like South Carolina, Florida, and New Jersey reach out to and have meetings with Interior Secretary Zinke in an effort to protect their districts from offshore drilling. I was wondering if you have reached out to Secretary Zinke as well and, if not, then why?”
