

## Frog Calls at the Rackliffe House Trail

Date: **Saturday, May 11, 2024**

Time: **6 pm to 7:30pm**

Location: **In front of the Assateague Island National Seashore Visitor Center**

Address: **11800 Marsh View Lane, Berlin, MD**

Frogs communicate by calling to each other. In some places you can hear a whole frog concert on warm spring evenings. Amphibians often hide very well, so the best way to identify the species present is to listen to their specific calls. Join us and learn about amphibian life, behavior, and how to distinguish species by their sounds. This event is in the evening because frogs are most active at night. Please be prepared to walk about a mile, and wear shoes that may get wet. Also, please bring bug spray.

**Please sign up for the event online at [actforbays.org/coastkids](https://actforbays.org/coastkids), or by calling the Assateague Coastal Trust office at 410-629-1538. Leave a message with your name, phone number, and number of participating kids. The event is free for members and costs \$3.00 per child for non-members.**
