

Plankton Microscopy – Discover the World of Tiny Lifeforms

Plankton is the foundation of every aquatic food web. Students learn how to use a microscope and discover the weird and wonderful world of the Coastal Bays' zooplankton and phytoplankton. We will provide eight student-friendly digital microscopes as well as live plankton.

Grade level: 1st to 7th grade

Number of students: 24 students max

Duration: 1 hour

Cost: \$3 per student

Please contact coastkids@actforbays.org for more information and booking.
